**EVENT REPORT**

**Name of the Event:** Lecture on water conservation (Jal Shakti Abhiyan)

**Date & Venue:** 1st October, 2020, G.H.G Khalsa college, Gurusar Sudhar

**Objective & Aim of the Event:** The Aim of the activity was to enhance the mental and physical level of students by involving them in the socio-physical activities organised by NSS group of the college.

**Description:** Inspired by the honourable prime minister’s impetus on jal sanchay, the jal Shakti abhiyaan is a time bound water conservation campaign. It was in two phases phase 1 from 1st July to 15th September for all states and union territories.

Phase 2 from 1st October to 30th November for the states and union territories receiving retreating monsoon. To promote this campaign, G.H.G Khalsa college and NSS team and NCC units took pledge to continue this jal Shakti abhiyaan in college campus and respected villages allotted to different teams.

**Output:** The Students and participants felt motivated after the event. The motives of the organized activity were achieved.
GHG Khalsa College commits to provide a safe, healthful workplace, protecting the environment, conserving energy and natural resources. With these policies in place we believe that we can achieve a healthy and safe environment. We are committed to do and we will:

- Provide a safe and healthful workplace for all.
- Be an environmentally responsible neighbour in the community where we operate, and correct incidents or conditions that endanger health, safety, or the environment.
- Conserve natural resources by adopting pollution prevention practices.
- Develop and improve operations to minimize waste, and other pollution, minimize health and safety risks, and dispose of waste safely and responsibly.
- Ensure the responsible use of energy including conserving energy by giving preference to renewable over non-renewable energy when feasible.
- Participate in efforts to improve environmental protection and understanding.
- Establish procedures for periodic review of environmental compliance with all laws and regulations.
- Establish procedures to ensure all that employees are knowledgeable of, understand and comply with all applicable environmental laws and regulations.

- Promptly correct any practice or condition not in compliance with this policy.

World Environment Day  
(June 5th, 2021)

The World Environment Day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet Earth. It is a day that reminds everyone on the planet to get involved in environment-friendly activities.

Keeping this aim of in view, Eco-club organise tree plantation drive on this day. They plant a sapling in the college premises. Principal Prof. Jaswander Singh Goraya motivated all to plant trees in their approachable areas.
