Dear Faculty Members,

Greetings to all,

Teaching profession has a sense of huge responsibility attached with it, for Teachers are the ‘Carvers’ of a Nation’s destiny. Continuous upgradation of skills and enhancement of knowledge is ever-imposing upon the teachers as the globalization of education has brought with it new issues and challenges. Technology replaced the traditional classroom decades ago and blended mode of teaching gained momentum. Pre-service and in-service teacher training courses have been laying a great thrust upon ICT from the classroom.

New situations bring about new challenges and in the wake of this, the extreme wave of threat posed by the COVID-19 pandemic, a sudden revolutionary shift from a traditional four-walled classroom to a virtual classroom has become inevitable. In this perilous time, the need for preparation and suddenity the teachers have been left with an impossible task in their hands as the only tool with which they can teach.

Thus, the faculty is rendering its best to the students and their parents by adapting to the new normality of the environment. Technology has always been considered a supportive tool in the learning process and is a necessary tool to enhance the learning experience of all the students.

Objectives of the Faculty Development Program:
1. To support the faculty with timely professional development that connects technology with learning, as well as provide ready access to a full range of state-of-the-art tools.
2. To strengthen student learning and foster creativity, collaboration, and communication beyond the classroom.
3. To modify instructional practices of teachers to consistently and effectively integrate technology into their instructional practices.
4. To meet the curricular needs of all learners and to provide electronic access to curriculum.
5. To provide skills and proficiency necessary for the workforce.
6. To improve the effectiveness of administrative tasks.
7. To collect, assess, and share performance information and feedback for continuous appraisal and improvement of the educational system of the institution.
8. To deliver the best education defeating the challenges posed by the pandemic.

GHG Khalsa College
