

## IQAC Report Summary

2022-23

Internal Quality Assurance Cell has contributed significantly for institutionalizing the assurance strategies and process. The following measures and steps were advised by IQAC for planning of the session 2022-23.

1. The IQAC suggested to strengthen Industry-Academia linkage. It is resolved that industrial interface to be increased so that the students can be skilled according to the needs of the modern industry and they can get more employment opportunities.
2. IQAC also emphasized that the focus area of entrepreneurship should be identified so that students can be motivated to become self-reliant through self-employment, especially B.Voc.
3. Another important suggestion made by IQAC is to introduce more vocational and job-oriented programs to make the youth workable according to the modern needs
4. It was suggested that maximum number of MOUs should be signed, and continuous efforts should be made to organize maximum placement drives at campus.
5. It was also suggested that the consultancy activities should be strengthen.
6. Another special suggestion from the IQAC was that more and more Personality Development programs and Finishing Programs should be conducted for the students so that the youth can get ready to enter the field of life
7. It was also suggested that Post graduate students should be motivated to take such research work which is helpful in their professional field and beneficial for the community.
8. It has also been specifically suggested that the Alumni Association should be made even stronger and active. Maximum number of Alumnus should be associated with Institution so that they can extend generous support in the development of their Alma mater.
9. It was also suggested that the area of influence of e-governance be further increased, and it should be implemented in all work areas of the Institution, so that the system can be made more transparent by using the new technology and proceed firmly towards the paper-free office.

10. It was suggested to the college authorities that more and more special faculty development programs be conducted to make the faculty more advanced in the field of E teaching-learning.

11. IQAC heartily praised the achievements of the college at the University, National and International levels in academics and sports. To give more and more national and international exposure to the local players, it is suggested that efforts should be made to collaborate with various National/International federations and associations.
